

Y. Gnana Pavani

Motivated and detail-oriented fresher with skills in UI/UX Design, Web Development, Python, and Data Analytics. Experienced in developing responsive web applications, machine learning projects, and interactive user interfaces. Proficient in Figma, HTML, CSS, JavaScript, Python, SQL, and Power BI. Passionate about building user-friendly digital solutions and learning new technologies.

Projects

To-Do List REST API

Technologies: Python, REST API, GitHub

- Developed a RESTful API for task management with CRUD operations.
- Designed clean API endpoints for creating, updating, deleting, and retrieving tasks.
- Improved backend functionality and API response handling.

Analog Clock Web Application

Technologies: HTML, CSS, JavaScript

- Developed a responsive real-time analog clock application using HTML, CSS, and JavaScript with dynamic DOM manipulation and cross-browser compatibility.
- Implemented real-time hour, minute, and second hand movement.

Drowsiness Detection System using Deep Learning

Technologies: Python, Deep Learning, OpenCV

- Developed a driver drowsiness detection system using facial and eye movement recognition.
- Implemented real-time alert mechanisms to improve road safety.
- Applied deep learning models for fatigue detection accuracy.

Wine Quality Prediction using Machine Learning

Technologies: Python, Machine Learning, Random Forest

- Built a machine learning model to predict wine quality based on chemical properties.
- Applied Random Forest algorithm for improved prediction accuracy.
- Research work published in the IJRAR journal.

AttendEase – Smart Attendance Management System

- Built and deployed a responsive attendance management web application using Google AI Studio.
- Implemented swipe-based gestures for marking students as Present or Absent.
- Designed a mobile-first interface optimized for desktop, tablet, and mobile devices.
- Hosted the application on Google Cloud for public access.

Educational Background

Master of Computer Application

Ashoka Women's Engineering College
Sep 2025 - Present

Bachelor of Computer Applications

Presidency University
Sep 2022 - May 2025

Contact

Skills

Technical Skills

- Python
- JavaScript
- SQL
- HTML5
- CSS3
- Machine learning

Tools

- Git & GitHub
- Postman
- Excel
- Power BI
- Claude
- Google ai studio

Design Tools

- Figma
- Wireframing
- Prototyping
- WiX Studio
- Frammer

Languages

- English
- Telugu
- Hindi

Certification

- UI/UX Design
- Python
- Postman
